INFORMATION BULLETIN

157

SEPTEMBER 2012

This Information Bulletin is intended to provide direction for obtaining a Zone History Letter. A Zone History Letter is generally requested by lenders who anticipate financing a loan to purchase property. The letter provides confirmation on existing zoning and land use regulations that govern a specific property and outlines redevelopment rights in the event zoning and land use regulations change. Maintenance, repair, alteration or reconstruction of a previously conforming structure, or a change in use, is subject to the requirements of Chapter 12, Article 7, Division 1 of the Land Development Code. The Zone History Letter will apply this code section when outlining redevelopment rights for previously conforming uses and/or structures.
